Cowboy Dressage World

*A World of Innovation
Without Borders*

COWBOY DRESSAGE...

Cowboy Dressage was originally just an idea, a dream and now a reality. It started with the belief that there was a better, kinder way of building a partnership between horse and rider. It is based on integrity, kindness, strong ethics and an abundance of education.

Cowboy Dressage is for *EVERYONE, ALL BREEDS PURE and PART and ALL LEVELS OF HORSEMANSHIP*. You can show or ride the trails. Cowboy Dressage will enhance and improve any discipline. All you need is a willingness to learn.

Bring your "TRY" and we will support you on your Cowboy Dressage Journey.

"Cowboy Dressage is not just another event. It's a place where true horsemanship is prized and the horses' welfare is paramount. Any rider, any level, any breed. Cowboy Dressage makes us all better."

—Richard Winters

the partnership of horse and rider that creates a harmonious bond between the two...

The Mission of Cowboy Dressage World

Soft Feel is the mission and guiding principle of Cowboy Dressage®. It is a wordless, intimate and for some a spiritual communication of partnership between horse and rider. *Soft feel* is not only sending messages but having the sensitivity and awareness to feel and receive messages sent by the horse. The timing and use of the release, relaxation, preparation and execution are the fundamentals of *Soft Feel*.

The disciplines, and criteria that fulfill the mission of Cowboy Deressage are most beneficial to your personal experience in horsemanship, trail riding and enjoyment with your horse.....

Knowledge Sharing Focus

Cowboy Dressage World is an organization run by five partners who saddle up each day. Each are successful leaders in the horse industry. It is an amazing collection of talent, brains and solid horsemanship. These dedicated people are constantly expanding their knowledge so that they may share it with "you."

Yes, There's Competition But...

The competitive discipline of Cowboy Dressage® uses an uniquely designed court, on which the horse and rider execute "tests" prescribed through advancing levels of difficulty.

Judges score these tests based on the horse and rider's quality of performance as they advance through these defined levels.

Judges also score the horse and rider on lightness, harmony, finesse, geometry and the partnership as well as balance, cadence, carriage, control and performance.

...COWBOY DRESSAGE.. uses an uniquely designed court, on which the horse and rider execute their "test."

Cowboy Dressage started here in the United States and was the father of Western Dressage in the early days.

Our Commitment

Our commitment is to the well being of the horse and what is always in his best interest. We are so committed to kindness, softness and partnership we recognize and reward it in our competitions!

We feel good about this and think you will too. While Cowboy Dressage World is growing nationally and internationally, we are keeping our commitment to our shared values, vision and to one another.
